**URGES MEN TO SHOW  
INTEREST IN LIBRARY**

H. O. Severance Tells Mothers' Club There Is Need of the Institution.

FICTION IS LACKING  
Local Stores Have Good Lists of Reading for the Boy Scouts.

"Just as the schools are educational institutions, so is the public library," said H. O. Severance at the meeting of the Mother's Club of the Lee School yesterday afternoon. "It is especially beneficial to the boys and girls who do not go to school beyond the eighth grade and who depend for the rest of their education on outside reading. This reading should be done in the public library where only the best literature is obtainable."

Mr. Severance said that the men of Columbia should be more interested and boost Columbia to the standards of other towns, since most towns, even smaller than Columbia, have public libraries. The only expense to Columbia would be a small tax sufficient to support it, as Carnegie would pay for the building. As to the objection that Columbia does not need the library on account of the University Library, that is a false impression as practically all the volumes in the University Library are reference or text books, and the public library would contain the fiction which is lacking in the University Library. Columbia has a \$25,000 or \$30,000 Car.

This is the next work School Mothers Club will accomplish. They are succeeding better movies for children than their present tickets.

The cigarette question and Mrs. G. F. Tr. the club should go against the cigarette habit. complimented the club and told of list states which refuse

newspapers that contained cigarette ads.

The Boy Scouts have furnished a list of good books for children which is at the Missouri Store. The mothers are urged to look over this list.

The next meeting of the club will not be held until January unless the president should have a call meeting.

**TO HAVE GAME TOMORROW**

All-Americans Will Play the Varsity On Rollins Field at 3 O'clock.

Tiger football followers will have a chance to see several former stars of other schools in action tomorrow afternoon when the All-Americans play the Varsity in the last game for the latter this year on Rollins Field. The game will be called at 3 o'clock, and C. L. Brewer, director of athletics, said this morning that it would be well worth seeing.

"Several of the regulars will be kept out of scrimmage, but the Varsity team will be made up of the men who need the scrimmage and for whom there is little danger of injury. The team will, of course, play without those men who have been crippled in former games."

The All-American team will be composed of ineligible, stars from the freshman and other class teams and one or two of the scrubs. The ineligible include Coach Johnny Miller, who played halfback on the Springfield, Mass., Training School eleven; Peterson, who starred at the quarter back position for the William Jewell team; Wilson, a former star end of Central College; Lee, who played tackle on the Warrensburg Normal School team last year. All of these men, according to Mr. Brewer, have played football within the last year or two and should show up well against the Varsity.
